

Vertiv™ Knürr DCM™ / Knürr™ Miracel™ 2 Extension Kit

Extension Kit Depth 300mm

The KNURR™ DCM / KNURR™ Miracel™ 2 Extension kit is ideal for assembling on existing Racks, if the equipment needs more space. The assembling of PDU's, cable management accessories is also possible within the frame.

Features:

- Extends the depth of the Rack.
- Rear door from the existing Rack can be used on the extension kit.
- Cable entry via base and top cover.
- Cable entry on the top cover, at the rear, can be completely removed, allowing the top cover to be fitted and removed after cabling.

Material / Finish

- Basic rack: extruded aluminum.
- Corner piece: die-cast aluminum, polished.
- Covers: galvanized steel sheet, powder-coated texture.

Colour

- x = .8, visible surfaces and covers, RAL 7021 dark grey.
- x = .1, visible surfaces and covers, RAL 7035 light grey.

Included in delivery

- 1 x Basic Rack extension kit.
- 2 x side panels with quick connectors.
- 1 x top cover with cable entry rear (three-piece sliding plates, can also be fully opened).
- 2 x levelling feet.
