1. Common Challenges

IT teams with limited resources face challenges when supporting distributed IT environments such as network closets and server rooms:

- Remote Visibility for Multiple Sites
- Unplanned Downtime
- Power Outages
- Equipment Overheating

“The infrastructure needed to maintain business continuity”
Vertiv™ SmartCloset™

Purpose-built rack solution for Network Closets and Distributed IT.

**Fast**
The SmartCloset™ is stocked to enable rapid deployment.

**Seamless**
Pre-validated by Vertiv to ensure easy deployment.

**Scalable**
Standardized components provide a scalable solution.

**Secure IT Rack**
Vertiv™ VR Racks provide a secure, organized, and efficient place to manage critical IT infrastructure and enable edge locations to meet power and space requirements.

**Emergency backup power**
Vertiv™ Liebert® PSI5 and Vertiv™ Liebert® GXT5 UPS provide market-leading efficiency in line-interactive and online double-conversion topologies for power protection and voltage regulation. Also available with Lithium-ion UPS technology.

**Remote Communications**
Networking cards enable integration of the UPS into monitoring systems, allowing users to manage system status and alarms 24/7 anywhere in the world.

**Environmental Monitoring**
Help protect your critical IT infrastructure by strategically monitoring the temperature, humidity, and dew point within the network closet environment. Sensors are available only for some models.

**Integrated power distribution**
Vertiv™ Geist™ rPDUs give unmatched reliability, ultimate versatility, and piece of mind that the last link in your power chain is secure. Rack PDU’s are available only for select models.

**Your investment protected with a system level warranty from Vertiv**
We are here to support you with service solutions for your critical infrastructure and to ensure that your vital applications always work. The Vertiv SmartCloset™ has a full suite of service offerings to help protect your investment and your business.

“Why piece together products by yourself when you can find a readily available solution that has already been curated by industry experts?”
Vertiv offers an industry-leading portfolio of physical infrastructure, services, and monitoring software.

2. **Industry Leading Portfolio of Edge Infrastructure**

Vertiv offers an industry-leading portfolio of physical infrastructure, services, and monitoring software.

- **Rack Enclosures**
- **IT Management**
- **Power Distribution**
- **Services**
- **UPS**
- **Cooling**

"**Services available from global leaders in data center infrastructure services. Nobody keeps more data centers up and running than Vertiv.**"

Vertiv™ LIFE™ Remote Diagnostic Services for Rapid Response

**Uptime assurance**
- Continuous monitoring for early detection of trends and operating anomalies.
- Analysis and interpretation of alarm and status messages.

**Rapid incident response**
- Automatic transmission of data for analysis.
- Concurrent diagnosis and dispatch of engineer to site.
- Shipment of parts for corrective maintenance.

**Increased insight and ease of management**
- Notification of operating conditions that may impact system health.
- Periodic trend and analysis reports.
- Integration of remote and on-site services to ensure business continuity.

- Vertiv’s exclusive **Power Assurance Package** offers lifecycle power management for critical single-phase UPS systems, eliminating the concerns surrounding all aspects of UPS support.
  - Available with Vertiv™ Liebert® APS, Vertiv™ Liebert® PSI and Vertiv™ Liebert® GXT UPS products, from 500VA – 10kVA.
  - Installation and startup services.
  - Five-year, hassle-free protection plan.
  - Safe disposal of UPS/battery.
  - 24x7 on-site emergency response.
  - Parts and labor coverage.

**Power Continuity Services**

Complete line of battery and UPS replacement services for the Vertiv™ Liebert® GXT and Vertiv™ Liebert® PSI systems, commonly used at the edge of an IT network in small or remote sites. Three levels of services that help ensure continuous power for your vital applications:

- **UPS restoration services** provides a replacement UPS battery pack, shipped from Vertiv, ready for your IT resources to install.
- **UPS refresh** includes a replacement battery pack, installation and startup by our factory-authorized technicians, a wellness check, spent battery removal and disposal, optional two-year service contract, and optional remote services.
- **UPS replacement** gives you a new UPS with installation, startup, legacy equipment removal and disposal, an optional five-year protection plan, and optional remote services.
