

Vertiv™ Frame Rack Vertical Cable Manager Plastic

6", 10", 12" W sizes commonly found on spec projects

Highlights

The Vertiv™ Frame Rack Vertical Cable Manager Plastic elevates cable management with a premium, tool-less, snap-together design tailored for specification-grade installations. Available in 6", 10" and 12" widths with 6 finger depth, this manager features metal support plates with PDU mounting patterns and repositionable components for dynamic cable directions. Built for both front and front/rear configurations, it allows high-performance cable support with efficient assembly and accessible design.

Typical applications

Great fit for projects where installation speed, cable volume and management matter.

Ideal for:

- Data center build-outs requiring fast deployment
- High-density racks needing extensive cable routing and PDU mounting
- Telecom or enterprise networks where serviceability is key
- Managed service providers' racks built for frequent changes and upgrades

Vertiv™ Frame Rack Vertical Cable Manager Plastic

Rapid snap-together installation

assembly in under five minutes with tool-less design for efficiency

Premium width options

Available in 6", 10", and 12" widths with deep fingers to handle large cable volumes
