

Vertiv™ Wall Mount Premium

Unique cable management features

Highlights

The Vertiv™ Wall Mount Premium combines the strength and accessibility of a floor-standing cabinet with the compact efficiency of a wallmount. Designed for advanced networking and structured cabling applications, it features a hinged center section for rear access, high load capacity, and integrated cable pathways. With a focus on flexibility and serviceability, this premium wallmount enclosure supports high-performance IT systems in environments where space efficiency and professionalism go hand-in-hand.

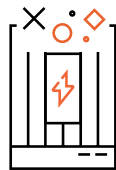

Vertiv™ Wall Mount Premium

Typical applications

Built for installations that require enhanced access, cable management, and strength.

Ideal for:

- High-density network or telecom wall installations
- Managed IT or enterprise branch environments
- AV or security system integration requiring frequent access
- Edge deployments where rear access simplifies serviceability

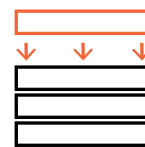

Hinged center section

provides rear access to equipment and cabling

Integrated cable management

built-in pathways support structured cabling

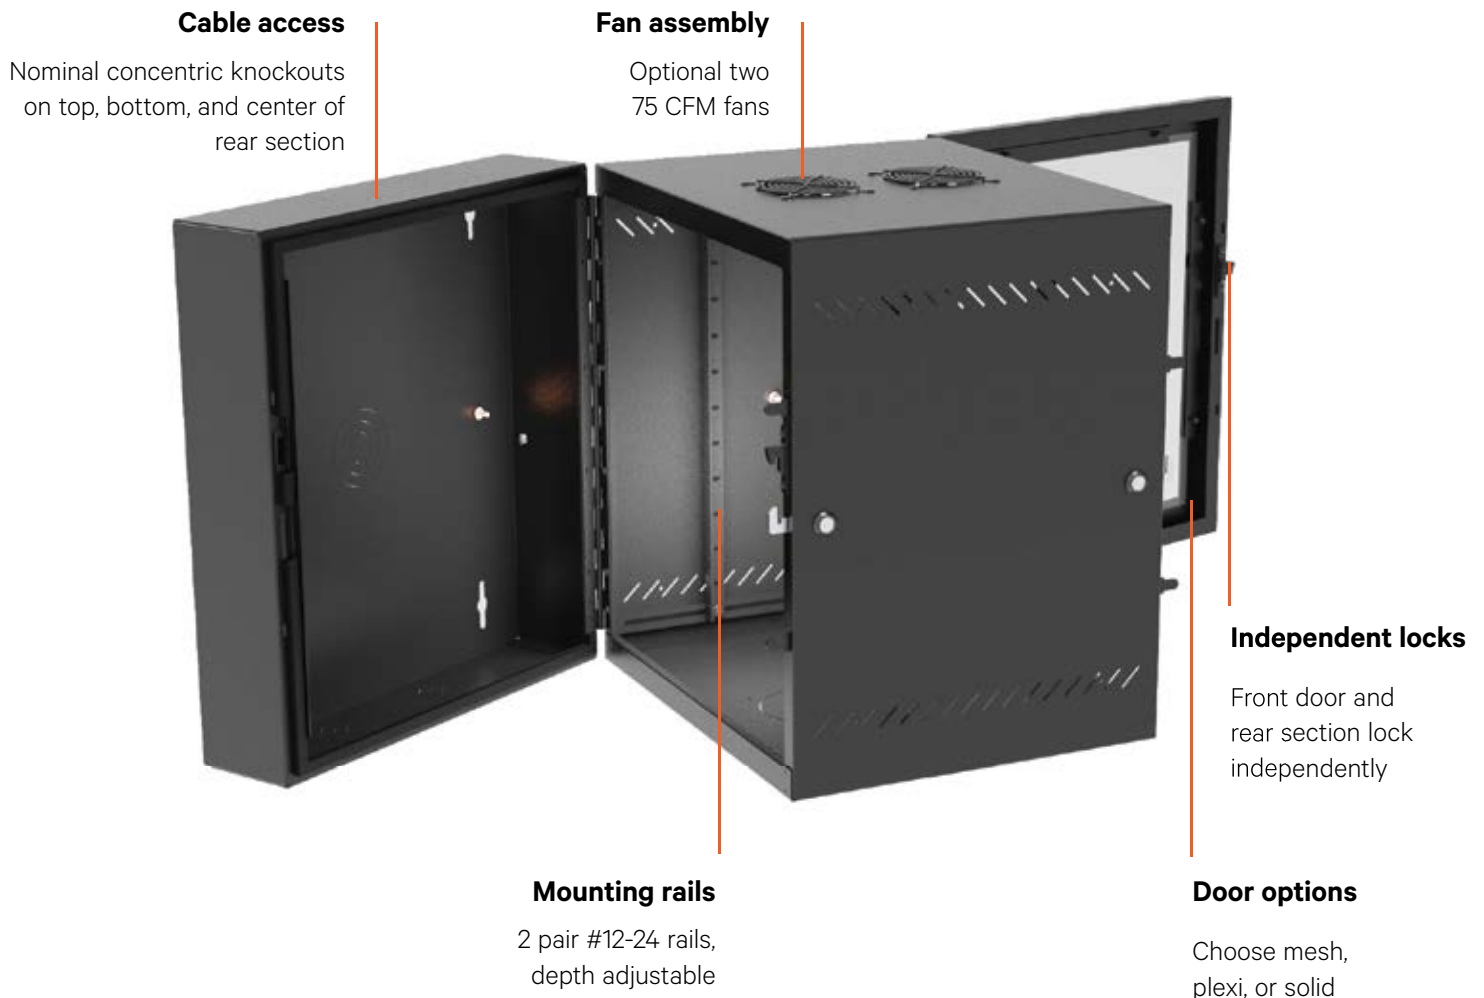

Enhanced load capacity

sturdy frame supports heavier equipment with ease
