Replace **X** with the digit representing your colour choice

.1 = RAL 7035

.5 = Beech wood décor

## Dacobas Advanced Worktops

- Premium worktops made from quality 3-layer particle board with a durable HPL-coating.
- 30mm Strong main worktops contribute to the rigidity of the construction.
- Lowered monitor levels made from 19mm direct laminated panels allow for reduced transport weight and handling with ease.
- Select the correct worktops to complete your Dacobas Advanced installation.
- Please note that all worktops are template articles for the project specific creation of your tailored worktop.
- All tailored worktops can be produced at a stretch to up to 3600mm.
- 90° Trapezoid Corners always have their own trapezoid worktop.
- All other corners' worktops consist of a left and a right worktop with their edges meeting along the bisector line of the respective corner.
- The well-known ErgoEdge at the front side makes working comfortable. All other sides are covered with a durable ABS-edge veneer.

### Material / Finish

- Desk frame, sheet steel, zinc-passivated
- Worktop, three layer particle board, FP/Y E1 version, fire protection class B 2
- Worktop coating, high-pressure laminated surface, phenol melamine resin
- Desk legs, extruded aluminium, powder-coat textured

### Colour

- Worktop: light-grey
- Desk legs: RAL 5008 grey-blue

### Supply schedule

1 Desk frame  
1 Worktop  
2 Desk legs  
Mounting material

### How supplied

- Preassembled modules

### Please note

Standard worktops are always equipped with cable inlets at the rear side in order to fit with Functional Rails on Dacobas Profile Extensions. When installing other Monitor Levels, we offer corresponding individual placement of cable inlets. The required openings are cut before shipment. Please always order worktops together with your choice of Monitor Level.

Further helpful accessories as

- Cable Management
  - Power Strips
  - Lighting
  - Seating and Ambient Furniture
- can be found in our catalogues.
