Bulletin: Product End-of-Life (EOL)

Avocent® AutoView™ 3008/3016/3200 and associated IQ Modules

Effective Date: September 30, 2016

Bulletin Overview

Models: AV3008, AV3016, AV3200

Region: Global

This announcement follows the EMEA one posted several months before.

Effective September 30, 2016, Emerson Network Power will end distribution of the Avocent® AutoView™ 3008/3016/3200 and associated IQ modules. After September 30, 2016 the listed SKUs will be at End-of-Sale (EOS) and they will no longer be available for purchase from Emerson Network Power. After the EOS effective date, all orders for the specified models should be transitioned to the closest equivalent AutoView or MergePoint Unity SKU.

EOL Announcement – June 6, 2016
- End-of-Sale – September 30, 2016 or while supplies last
   - Last day for old product orders
   - Last day for extended warranty sales
- Last Shipment Date – December 31, 2016
- End of Life – December 31, 2021 (or last day of extended warranty)

Emerson offers a broad portfolio of solutions to address the remote access, control and management requirements of any business. The portfolio includes AutoView KVM solutions, which are designed for small data center environments. MergePoint Unity KVM over IP solutions are enterprise class KVM switches that provide remote access and management for KVM, USB and serial connections. And the Universal Management Gateway Appliance continues to be Emerson's most versatile and feature-rich solution. It is designed to meet the needs of enterprise data centers, cloud providers and edge implementations.

For more information on Emerson's portfolio of remote access, control and management solutions, visit the **KVM Solutions Page** on **EmersonNetworkPower.com.**

The EOL SKUs are shown in the table below. Please contact your Emerson sales representative or your local reseller for assistance with identifying the best replacement option for your environment.
